KINDERGARTEN

The Earth School offers a Waldorf inspired Curriculum focusing on Art, Reading, Drama, Fitness and Music. The Earth School is one of the few Pre-Primary Schools to have specially designed, child - friendly "Mindfulness Curriculum."

We, at the Earth School believe that when seeds of learning are sown in fertile soil and tender shoots emerge, there will be a rich harvest when all bear fruit at the end of a long growing season.

We want to enrich the kids with knowledge and celebrate their achievements, but also, build them emotionally and mentally and help them grow from their failures

CURRICULUM

With the determination of bridging the gap between mind and soul, education and literacy, humanity and logic, THE EARTH SCHOOL offers a Waldorf inspired Eclectic curriculum focusing on art, reading, drama, fitness and music. It also imbibes the elements of mindfulness (gratitude, kindness, compassion, meditation) in regular class.

The infrastructure supports the application of principles of emotional intelligence, logical and critical thinking in routine. The Earth School is psychologically designed from its interiors, to the learning stations, to the outdoor spaces. The Earth School believes in "Teaching the way a child learns" is the best way to nurture and offer happy childhood to have happier mindful children.

The Objective is not just teaching numbers, alphabets or poems but to help them become better humans with mindful values and life skills that will help them thoroughly in their lives

PROGRAMS

Toddler Readiness

The Earth School offers mindful courses designed for toddlers to foster their cognitive, social, and emotional development.

1.5 to 2 Years

Pre Nursery

The Earth School provides mindfulness-based programs tailored to pre-nursery-aged children to support their holistic development across academic, social, and emotional domains.

2 to 3 Years

Nursery

At The Earth School, we offer mindfulness-based courses for Nursery kids.

Our experienced teachers use a unique blend of practical and holistic teaching methods to create a mindful and engaging learning experience for our young learners.

3 to 4 Years

Prep 1

At The Earth School, we offer mindful courses designed for children in Prep 1 to nurture their growth in various areas, including academics, social skills, and emotional intelligence.

4 to 5 Years

Prep 2

The Earth School offers mindful courses for children in Prep 2, focused on fostering their academic abilities, social skills, and emotional intelligence in a supportive and nurturing environment.

5 to 6 Years
